DETAILED ACTION

1. This Office Action is in response to correspondence filed April 30, 2009 in reference to application 10/783,518. Claims 1-14, 16, 17-26, and 28-33 are pending and have been examined

Response to Amendment

2. The amendment filed April 30, 2009 has been accepted and considered in this office action. Claims 16, 19, 26, and 30 have been amended, and claims 17 and 27 cancelled.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eric Prah1 on July 29, 2009.

The application has been amended as follows:

4. In claim 1, line 6, insert -- by using a processor-- before the word --selecting--.
5. In claim 13, line 6, insert -- by using a processor-- before the word --selecting--.

6. In claim 16, line 9, insert -- by using a processor-- before the word --generating--.
7. In claim 19, line 6, insert -- by using a processor-- before the word --generating--.
8. In claim 20, line 7, insert -- by using a processor-- between the words --evaluating-- and --the--.
9. In claim 21, line 7, insert -- by using a processor-- between the words --evaluating-- and --the--.
10. In claim 26, line 9, insert -- by using a processor-- before the word --comparing--.

Allowable Subject Matter

11. Claims 1-14, 16, 17-26, and 28-33 are allowed. The following is an examiner's statement of reasons for allowance:
12. Consider claim 1, The prior art of record, specifically Stevens, teaches during speech recognition, generating a list of close call records, wherein each record includes histories for each of two competing partial hypotheses (see column 17 line 34 - column 18 line 20, records 1915 which are generated during recognition); but does not teach or fairly suggest

initializing the choice list from at least one output of the speech recognition system; and

that steps (a) through (c) are completed on records selected from the choice list. As seen in the rejection of claim 26 above, Stevens suggests using the original transcript that is not specifically associated with a choice list to complete steps (a) through (c) (see column 17 line 34 - column 18 line 20). Therefore claim 1 is allowable over the prior art of record.

13. Claims 2-12 are allowed as they are dependent on and further limit allowable claim 1.

14. Claims 13 requires similar allowable limitations as claim 1, and is therefore allowed for the same reason listed above.

15. Claim 14 is allowed as it is dependent on and further limits allowable claim 13.

16. Consider claim 16 The prior art of record, specifically Stevens, does not fairly teach or suggest evaluating each record in the list of close call records for a match between a partial sub-history of each alternate utterance in the choice list and one of the histories stored in the record, Therefore claim 16 is allowable over the prior art or record.

17. Claim 18 is allowed as it is dependent on and further limits allowable claim 16.
18. Consider claim 19, requires similar allowable limitations as claim 16, and is therefore allowable for the same reasons
19. Claim 20 requires similar allowable limitations as claim 19, and is therefore allowed for the same reasons listed above.
20. Consider claim 21, The prior art of record, Stevens or Chen in view of Baker does not fairly suggest (iii) a score difference being a difference between a score of the first partial hypothesis and a score of the second partial hypothesis, and (iv) a global score nor can the prior art of record be combined to fairly duplicate these limitations. Therefore claim 21 is allowable over the prior art of record.
21. Claims 22-25 are allowed as they are dependent on and further limit allowable claim 21.
22. Claim 26 requires similar allowable limitations as claim 21, and is therefore allowed for the same reasons listed above.
23. Claims 28 and 29 are allowed as they are dependent on and further limit allowable claim 26.

24. Claim 30 requires similar allowable limitations as claim 16, and is therefore allowed for the same reasons listed above.

25. Claims 31 and 32 are allowed as they are dependent on and further limit allowable claim 30.

26. Claim 33 requires similar allowable limitations as claim 1, and is therefore allowed for the same reason listed above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
